[During the War of Independence in
the 36th year of Kingdom Farbrade.]

After the discovery of Teresa by the king
through the wildernesses of the earth,
the Labyrinth created a bridge in order
to welcome him.

It was the first Labyrinth to be
discovered by humans.

[The first Labyrinth was created.]

The labyrinth is unexpectedly bright.

It's one of the labyrinth's merits.

It looks similar to the forest of Mirwood Forest, doesn't it?

It's not that this place is full of dangerous creatures.

The upper floors are already clear of guardians and dragon artifacts, so it is safe.

However, the labyrinth's inner structure can change from time to time.

As such, please
do not cross this
yellow line.

This is where we
display the artifacts
destroyed during the
excavation and the
quarrelers we have
defeated.

This labyrinth
creates guardians using
earth and metal.

There are still
many crawling
beneath us.

Oh my,
how scary.

Huh? This mark is...

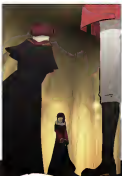

WE WERE TOLD
WE'D ONLY BE VISITING
SAFE PLACES...!
